TECHNICAL DATA

- | | |
|--|--|
|  Standard
adapted to DIN VDE 0815 |  Core identification
1st. circuite: red (a), black (b) 2nd. circuite: white (a), yellow (b) |
|  Test Voltage
4000 Veff (core/screen) |  Temperature range
Laying temperature: min. -5°C |
|  Fire properties
CPR classification: Eca | |

DESIGN

Outer diameter appr. (mm)	Total weight appr. (kg/km)	Number of pairs x nominal diameter	Standard lengths/packing (m)
7,0	60	2	100 R, 500 Sp, 1000 Sp
